that it was too early to say what the Democratic platform should be in 1204 or Democratic platform should be in 1294 or who should be jut up as candidates.

"I will say this," stat d Captain Wise. "The Democratic party need not look to the Western States for support. They have not stood by us on the n.w issues that were promulgated in 1895. The Western States are naturally Republican. Our hop, in the future is in gaining the support of New York, New Jersey, Connecteut, Maryland, Delaware, West Virginia and other States that are naturally. Democratic. These States, or most of them, furnished senators and congressmen that stood by us after the war. They that stood by us after the war. They are our friends. # THE TURN OF LEE.

The Most Important Period in a Woman's Existence.—Mrs. Johnson Tells How She Was Helped Over the Trying Time.

Owing to modern methods of living, not one woman in a thousand approaches this perfectly natural change without experiencing a train of very annoying, and sometimes painful symptoms.

Those dreadful hot flashes, sending the blood surging to the heart until it seems ready to burst, and the faint feeling that follows, sometimes with chills, as if the heart were going to stop for good, are only a few of the symptoms of

seems ready to burst, and the faint feeling that follows, sometimes with chills, as if the heart were going to stop for good, are only a few of the symptoms of a dangerous nervous trouble. The nerves are crying out for assistance. The cry should be heeded in time. Lydia E. Finkham's Vegetable Compound was prepared to meet the needs of woman's system at this trying period of her life. The three following letters are guaranteed to be genuine and true, and still further prove what a great medicine Lydia E. Pinkham's Vegetable Compound is for women.

Mar. 12, 1897.

"Dear Mrs. Pinkham: — I have been sick for a long time. I was taken sick with flooding. All my trouble seemed to be in the womb. I ache all the time at the lower part of the womb. The doctor says the womb is covered with ulcers. I suffer with a pain on the left side of my back over the kidney. I am fifty years old and passing through the change of life. Please advise me what to do to get relief. Would like to hear from you as soon as possible."—Mrs. Charlotte Johnson, Monclova, Ohio.

Jan. 23, 1898.

Jan. 23, 1898.

"I have been taking your remedies, and think they have helped me a great deal. I had been in bed for ten weeks when I began taking your Vegetable Compound, but after using it for a short time I was able to be up around the house. The aching in the lower part of womb has left me. The most that troubles me now is the flowing. That is not so bad, but still there is a little every day. I am not discouraged yet, and shall continue with your medicine, for I believe it will cure me."—Mrs. Charlotte Johnson, Monclova, Ohio.

April 13, 1900.

"I send you this letter to publish for the benefit of others. I was sick for about nine years so that I could not do my work. For three months I could not sit up long enough to have my bed made. I nad five different doctors, and all said there was no help for me. My trouble was change of life. I suffered with ulceration of the womb, pain in sides, kidney and stomach trouble, backache, headache, and dizziness. I am well and strong, and feel like a new person. My recovery is a perfect surprise to everybody that knew me. I owe all to Lydia E. Pinkham's Vegetable Compound. I would not do without your medicine for anything. There is no need of women suffering so much if they would take your remedies, for they are a sure cure."—Mrs. Charlotte Johnson, Monelova, Ohio.

When one stops to think about the good Mrs. Johnson derived from Mrs.

Johnson, Monelova, Ohio.

When one stops to think about the good Mrs, Johnson derived from Mrs. Pinkham's advice and medicine, it seems almost beyond belief; yet it is all true as stated in her three letters published above at her own request.

As a matter of positive fact Mrs. Pinkham has on file thousands of letters from women who have been safely carried through that danger period "Change of Life." Mrs. Johnson's cure is not an unusual one for Mrs. Pinkham's pendicing to appropriate.

We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letters are not genuine, or were published before obtaining the writer's special permission.
